

The Chinese Readers Manual. A handbook of biographical, historical, mythological, and general literary reference.

Title: The Chinese Readers Manual. A handbook of biographical, historical, mythological, and general literary reference. Publisher: British Library, Historical Print Editions The British Library is the national library of the United Kingdom. It is one of the worlds largest research libraries holding over 150 million items in all known languages and formats: books, journals, newspapers, sound recordings, patents, maps, stamps, prints and much more. Its collections include around 14 million books, along with substantial additional collections of manuscripts and historical items dating back as far as 300 BC. The ASIAN COLLECTIONS: GEOGRPAHY OF ASIA collection includes books from the British Library digitised by Microsoft. Encompassing data on roughly fifty countries of Eurasia, this collection contains books, periodicals, and maps in the languages of East, South, and Southeast Asia. With detailed analyses of the Indian subcontinent and the Arabian Peninsula, this collection includes rare material valuable for the study of how the region is historically and geographically distinct from its European neighbours.++++The below data was compiled from various identification fields in the bibliographic record of this title.
